Summary

Experience:

Over 2 years of hands-on experience in web development, with expertise in front-end technologies.
Strong background in React.js, Next.js, and the Ionic framework, having successfully transitioned from an IT technician role to web development.

Skills:

Proficient in React.js (including hooks), Next.js,Typescript,Nodejs,Expressjs, Tailwind CSS, and the Ionic Framework.
Experienced in test automation with Cypress and Jest.
Solid understanding of responsive web design, ensuring cross-browser compatibility.
Proven ability in building reusable code and providing constructive feedback through code reviews.
Career highlights:

Successfully developed the frontend of applications from scratch, adhering closely to Figma mockups.
Consistently stayed updated with emerging technologies, leading to rapid proficiency in in-demand tools like React.js and Next.js.
Achieved a seamless career transition into web development, demonstrating adaptability and passion for tech.

Personal Interests:

Free Diving & Spearfishing: There's a deep tranquility I find beneath the waves. The silent world of free diving offers a sense of inner peace, while spearfishing blends this serenity with the thrill of underwater hunting.
Physical Fitness: Whether it's boxing or hitting the gym, I believe in pushing my body's limits and investing in my physical well-being.
Personal Development: Beyond my hobbies, I am committed to personal growth. Every day presents an opportunity to learn, evolve, and become a better version of myself. My dedication to this journey is unwavering.
